Varicella Compliant

DTaP Compliant

HepB Compliant

MMR Compliant

Tdap ✓needed

Meningitis ✓needed

Hemophilus Influenzae (HIB) —

Pneumococcal Conjugate (PCV) —

Other —

As of June 13, 2019, there is no longer a religious exemption to the requirement that children be vaccinated against measles or other diseases to attend any school program, including those that take place in the summer. Our records indicate your child is missing the immunizations indicated above.

The required immunizations may be administered by any health practitioner, or at no cost by the county health officer upon parental consent. Additional information on the required Immunizations and doses may be found at:

<https://www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-child-combined-schedule.pdf>

Children attending school under a religious exemption must have received the first age appropriate dose in each immunization series by June 28, 2019 to attend or remain in school. By July 14, 2019, parents and guardians must show that they have made appointments for all required follow-up doses. We encourage you to make efforts to obtain the necessary certificate or other acceptable evidence of immunization as soon as possible so that your child(ren) may continue to attend school. If your child is not attending a summer program, the first dose in each series is due by the start of school, with appointments scheduled within the first 30 days of school starting.

Please don't hesitate to call the Gelinis Health Office at 730- 4710 with any questions. You can drop off updated Immunization records to the health office or fax them to 730- 4752.
